SECOND ANNUAL EXCURSION

TO OLD POINT COMFORT ON

THE SEASHORE.

August 9th the Date.

The Chesapeake & Ohio announces

that on Wednesday, August 8th, a

special train will run under the aus-

pices of the company from the line of

the Newport News and Mississippi

Valley Company, Western Division,

to Old Point Comfort on the seashore.

The train will be composed of the

handicraft day coaches and Pullman

Buffet Sleeping Cars, and will be

under the direct supervision of Mr.

W. J. Berg, General Traveling Agent

of the company, who so attentively

looked after the comfort of the Hop-

kinsville party last year both indi-

vidually and collectively and who ad-

ded much to the pleasure of the trip.

It is the intention to make this the

most attractive excursion ever run

from Kentucky; ample provisions

will be made for passengers so that

none of the cars will be crowded.

A year ago when the first excursion

was run to Old Point, there were only

a few along the line of the Chesapeake

& Ohio who were familiar with the

trip, but as all who went on last year's

excursion have been praising it in

the most enthusiastic terms, the great

Atlantic Coast Resort is now as well

known in Kentucky and Tennessee as

it is in the Eastern States.

There are several features of this

trip which specially commend them-

selves to pleasure seekers: First, in

the scenery along the route, the Ches-

apeake & Ohio is the best celebrated

of American Railways. The canon

of New River, the barriers of the Al-

leghianes, the Battle Fields of Vir-

ginia and the beautiful valley of the

Shenandoah, need no comment. Old

Point Comfort is situated on Hamp-

ton Roads, the largest Harbor on the

Atlantic Coast. The Hygeia Hotel, at

Old Point Comfort, covers more

ground than any other seashore re-

sort. The surf bathing is excellent

and perfectly safe. Fortress Monroe,

America's great military testing

school, is within a stone's throw of

the Hotel. The National Soldiers

Home and the Indian Normal School

at Hampton are reached by a fifteen

minutes drive. Norfolk, Portsmouth

and Gosport Navy Yards are

reached in three quarters of an hour

across Hampton roads. Virginia

Beach and Ocean View, on the Atlan-

tic Coast east of Norfolk, are within

an hours ride from that city. New-

Port News, at the head of Hampton

Roads Harbor, near the scene of the

great Naval Encounter between the

Merrimack and the Monitor, is only

eight miles distant from Old Point,

and Hotel Warwick at Newport News

is not surpassed by any other seashore

resort.

There are a great many attractions

along the line of the Chesapeake &

Ohio and as stop-overs will be grant-

ed on the excursion tickets, they may

all be visited.

Richmond, the Capital of the late

Confederacy, is among the chief in-

terestings. It is specially interesting

in relics of the late war.

Luray Caverns and Natural Bridge

are only a short distance from the

main line of the Chesapeake & Ohio,

and side-trip tickets will be sold in

connection with the excursion.

Other cheap side trips have been ar-

ranged specially for this Excursion

among them being the trip to New

York and return, either by the Old

Dominion Steamship Company from

Old Point or by the Cape Charles

Rail Route through the Delaware

Peninsula; to Boston and return by

steamship; to Providence, R. I. and

return by steamship; to Baltimore

and return by bay line steamers up

Chesapeake Bay; and to Washington

City and return by the Potomac River

Steamers up the Potomac River.

White Sulphur Springs, the largest

American mountain resort with a

Hotel capable of accommodating 2500

people, is immediately on the line of

the Chesapeake & Ohio, at the

Heights of the Alleghenies.

Special rates will be made at the

Hygeia Hotel, Old Point Comfort, to

those presenting excursion tickets.

The Special Train will start out

on Tuesday, August 7th, at 10:30 a. m.

August 8th and will pass Nortonville

at 11:12 a. m. connecting with the I.

& N. train from this city at 9:52

Arriving at Alderson, in the Al-

leghenies, for breakfast at 9 A. M. and

at Charlottesville for dinner at 3:20

P. M., reaching Richmond at 8:45 P.

M. and Old Point Comfort at 9:15 P.

M.

A representative of the Hygeia Hotel

will join the train at Richmond and

will assign rooms to passengers

on the train so that upon arrival at

the Hotel they may go at once to

their rooms without confusion.

The round trip rate from Norton-

ville will only be \$14, which places it

within reach of all. Tickets will be

good going only on the seashore spe-

cial August 8th and will be good to

return on any regular passenger train

until September 5th. No stop-over

privileges will be allowed going, but

stop-overs can be made at any station

between Lexington, Ky. and Old

Point Comfort returning.

Those who desire to go with the

excursion should leave their names at

once with W. A. Wilgus at the

SOUTH KENTUCKIAN office so as to

have arrangements made for their

accommodation, and secure berth on

sleepers. An elegant Pullman day

coach will be set on the side track at

this depot for the Hopkinsville party,

so as to insure perfect comfort.

Names are being handed in every day

and if you intend going it will be

best not to delay.

Reader, did you ever pause for a

moment to consider the vast amount

of reading matter you get in a single

copy of the SOUTH KENTUCKIAN

which costs you less than 2 cents a

copy? If you have not, do so and

we think you will be warranted in

coming right along and contributing

two dollars more for a yearly sup-

ply, to be given in broken doses,

twice a week—Tuesdays and Fridays,

and paper stopped when out, unless

otherwise ordered. You actually get

more local, editorial and general

news than from any other paper pub-

lished in this part of the State, and

while our list is rapidly increasing,

come forward if you are not already

a subscriber, and let us enroll your

name on it, thus adding to the migh-

ty number.

CHARACTER IN FEET.

Reading Life from the Management of

the Feet: Extremities.

The use of feet is more characteris-

tic than the feet themselves. Of

course there is the common and

careless flat foot, and the neat foot,

and the vain foot, and the quick foot.

In Herick's old poem the whole por-

trait of a dainty white-slipped girl is

suggested by the words:

Like mice beneath her petticoat,

Her little feet went in and out.

But the distinctions of character are

not seen, really, in the feet themselves,

but in what the owner does with them.

Sometimes it is significant that their

owner does not know what to do with

them. He is vulgarly, defiantly self-

sufficient and despises ceremony, so

when he smokes a cigar he puts his

feet on the mantle-piece, out of the

way. Or he is a country

bumpkin, painfully self-conscious, so

he stands on one foot and then on the

other and shifts them about, perplex

Mrs. C. B. Webb and Misses Ellen and Mildred Johnson, Florence Anderson and Carrie Wiley went to Dawson yesterday.

Mrs. B. C. Dewese, of Cincinnati, and Mrs. Lizzie Taylor, of Lexington, Ky., are visiting the family of Mr. E. B. Long. Mr. Dewese was formerly President of South Kentucky College and is now preaching for the Richmond St. Church, Cincinnati.

## Natural Gas Struck

The town was thrown into a flutter of excitement Friday afternoon by the rumor that "gas had been struck." The cry of "wolf" had been heard so often that it was several hours before the report gained credence. Since then troops of people have been to the well. It is impossible now to tell what this will amount to. It can be lighted and will burn for several minutes at the mouth of the well, blazing up two or three feet. There is 150 feet of sand and water in the well, and this will have to be removed before any definite information can be obtained. Gas stocks can not now be bought for love or money, and everybody is exceedingly hopeful over the outcome.

## Fresh Fish.

As Col. E. G. Sebree and Maj. Jno. W. Breathitt were coming home from the speaking, at Bennettstown Friday, they happened by the fine fish pond on the old Fox place. The gleam of the waters was too much for the festive Col. and he says: "Hold on, Major, just you hitch the horse and I'll get out and catch you a mess of fish." The Major reluctantly obeyed, and Lige untied his patient fly hooks from his hat-band, cut him a slim, slick sapling and made for the pond. When the Major came up he found Lige trolling industriously. He watched the fisherman silently for 15 minutes and saw him land 50 trout and two silver perch all of them about six inches long. They then got in the vehicle and arrived at home in time for supper. When this episode was related to the weather man the next morning, he ran violently down into the sea and was drowned.

## Another Excursion to the Chalybeate Springs.

There will be another excursion to the Chalybeate Springs next Sunday the 22d, at 1:30 o'clock. Remember the round trip is only 25 cents.

This place is fast becoming a popular resort, the water being very fine and the surroundings cool and pleasant, and no doubt a large crowd will avail themselves of the opportunity to take the trip Sunday.

## HERE AND THERE.

First-class easy running rockaway for sale cheap at C. W. Duckers'.

W. A. Wilgus' house and lot on South Main St. is for sale.

Miss Fannie Wilson, of Howell, Ky., is reported very ill with typhoid fever.

The Dancing Club had a very nice entertainment at Fleming's Cave, Friday night.

Mr. Clarence Anderson went to Elkton Thursday to photograph the Boone family, ten in number.

The County Medical Society held an interesting session at Dr. Fairlie's office yesterday.

The Commercial Club met Friday night and appointed committees on various important interests of the Club.

Uphaw Duckner was offered \$300 for his three-year-old colt, Alto, Thursday, by a gentleman in this city.

Mrs. Julia Barker, a sister of Rev. J. W. Venable, of this city, died at her home in Gallatin, Tenn., last Thursday.

Mrs. Alex Overholser was bitten on the leg by a pet dog Thursday evening. The wound is not at all serious.

Mr. H. F. McCamy, late of Hopkinsville, has opened out a carriage shop at Edward's old stand—Princeton Banner.

Logan Feland, who is railroading in Alabama, has sent in his resignation as first sergeant in the Latham Light Guards.

Eleven colored teachers applied for certificates at the examination held by County Superintendent and Examiner Geo. McCarrill, Friday.

The L. & N. will sell round trip tickets to Cincinnati on July 21st and 22nd, good until 29th, on account of the meeting of the Patriarchs Militant, for \$8.55.

The "step-off" in the pavement in front of Bryan's has been smoothed down. The removal of this "relic of barbarism" is commended by the traveling public.

We see in a neighboring exchange the following announcement: "Hon. James T. Barbee, State Prohibition Organizer, will speak at Hopkinsville on the 20th of this month."

Col. D. L. Johnson went to White Plains, Saturday, to represent Elector Bill Henry in the political discussion. Col. Johnson is "loaded" on the tariff and is flip enough on the other questions to give the racials a tough fight.

Wm. Ferrell, of Crofton, Ky., an old time resident of Clarksville, is in the city. Mr. Ferrell is only 77 years of age, and his admiration for a certain genial widow leads to the belief that he would not object to a matrimonial alliance.—Tobacco Leaf.

Considerable interest is manifested in a trotting race which will come off at the Nashville fair in September, between Mr. Gill's "Goldust" and Mr. Barker's Wilkes horse. The race is for several hundred dollars, with a big forfeit already up.—Tobacco Leaf.

Two gentlemen made a novel wager the other day. They both noted down the majority of the winning candidate for sheriff as they believed, depositing therewith a ten dollar bill in an envelope. The envelope is not to be opened until after the election, and the one making the closest guess is to take the "jack pot."

The County Teacher's Institute meets in this city next Monday continuing in session one week. Among the outsiders who will make addresses are, C. H. Bush, A. H. Clark, D. L. Johnson and John Feland, Jr. The law requires all the teachers to attend the Institute or forfeit their certificates. This will bring out a big crowd.

To expel mosquitoes, take of gum camphor a piece about one-third the size of a hen's egg and evaporate it by placing it in a tin vessel and holding it over a lamp, taking care that it does not ignite. The smoke will soon fill the room and expel the mosquitoes, and not one will be found in the room next morning, even though the window should be left open at night.

The fourth Circle of Bethel Baptist Association will meet at Zion church, near Trenton, Todd county, Ky., July 28 and 29, 1888. The following churches are expected to be represented: Bethel, Pembroke, Trenton, Kirkwood, Spring Creek and New Providence. Addresses, music and good preaching will be well interspersed. Dinner on the grounds Saturday.

When the candidates arrived at Newstead, Thursday afternoon, to fill the speaking appointment at 1 o'clock, they found the crowd "conspicuous for its absence." Not to be outdone the office-seekers put runners on horseback and made them scour the harvest fields for voters. At 10 o'clock that night an audience assembled and the oratory had a full and free flow till daylight Friday morning.

At a moon-light picnic at Vaughn's Chapel near Fairview, on last Saturday night, trouble arose between two negroes in attendance, resulting in one of them receiving the contents of the other's pistol. Henry Neely, colt, shot Jo. Bell, colt, the ball taking effect in the latter's breast, inflicting a severe wound not thought to be a fatal wound. A woman is said to be at the bottom of it and Neely is still at large.—Elkton Progress.

John S. McMahon, the Irish tramp temperance lecturer, addressed a big crowd in front of the Phoenix Saturday night and spoke at the Court-house last night. He will speak again to-night and will probably here several days. He makes an interesting talk and has all the temperance phrasology at his tongue's end. He is a bit of an actor and gets off his pieces very cunningly. When he leaves here, he will lecture at Casky, Pembroke, Trenton and Guthrie in the order named.

The Courier-Journal, speaking of the celebration to be held in Louisville this fall, says: "It is said that the Commercial Club, or some one connected with it, advocates the idea of offering prizes to be drilled for by the State Guard during the fall celebration. The idea seems to be a good one. If it is adopted the Latham Guards, of Hopkinsville, (Company D, Third Regiment) will come pretty near getting first place."

Col. A. M. Haywood, Supreme Representative from the Georgia Grand Lodge K. of E., has been in the city several days trying to organize a Uniform Rank in Evergreen Lodge No. 38. Yesterday he had secured 18 names out of 27 required for the drill corps. It is to be hoped the company will be organized, as the Pythian uniforms and drill manual are both excellent.

Hughes & Hughes, attorneys at Morganfield, have called a meeting of their professional brethren, in Southern Kentucky, to meet at Crittenden Springs, on the O. V. July 30th, and form a Bar Association. All the lawyers in this county are invited, and those who will attend are requested to correspond with the above mentioned gentlemen.

Mail-contractor J. G. Steele is in the city to arrange for the much-neglected Cadiz and Lafayette mail routes. Postmaster McKenzie had to get a man to ride these routes last week. It is to be hoped that Mr. Steele will pay enough to get this business into responsible and reliable hands.

Messrs. James and Cy. Anderson, the oldest and youngest sons of Mr. Josiah Anderson, with their families, held a re-union at the iron springs Saturday. There were 115 persons present, and all of them were Andersons but 13. A bountiful dinner was spread and the day proved most delightful.

David Brasler and Miss Emma Berpo of Kellys Station, took the 5 o'clock train in this city, Saturday afternoon, for Springfield, Tenn., where they were married, returning that night. It was not an elopement as the young couple merely desired the novelty of a trip to the usual greens.

Bob Anglin was fined \$55, and given 10 days in jail in the city court yesterday for breach of the peace and carrying concealed weapons. Sunday morning he attacked Henry Rodenbush on Seventh street and was knocked down three times.

Christian gave Capt. Ellis the largest vote in the district, next to his home county, Davies. We can but believe that this was the result of the efforts of the KENTUCKIAN in his behalf, an appreciation on the part of the people we desire to recognize.

Rev. J. U. Spurlin commenced a protracted meeting under an arbor at the Crossing of the Butler and Duckers Mill roads, Sunday night. The meeting will be continued ten days.

The workmen in removing the old cornice from around the court house found it honey-combed with birds' nests. They found 80 eggs and about the same number of young birds.

John Dimeen and Jim Hearn had a fight Saturday morning. Hearn received a lick and Dimeen was bit on the chin. The court imposed a light fine on both parties.

Rev. Fred Hale, a distinguished revivalist from Louisville, will begin a meeting in the Fairview Baptist Church next Monday.

Grandison Greer came home from Owensboro last week sick with malaria fever. He will remain here till he recovers.

Mrs. Susan West is again critically ill. Sunday Dr. Hickman called Dr. Gaines into consultation over the case.

Political speaking at the court house Wednesday night. Everybody invited.

Livy Buckner was quite sick Sunday but was able to ride down in town yesterday.

The date for the Old Point excursion has been changed to August 9th. For particulars see first page.

Miss Nannie Barba is very ill at the residence of her sister, Mrs. Ed. Moss, in the county.

Mr. Geo. Seidmore has taken Mr. Givens' place as baggage master at the depot.

The officers for the August election will be found on another page.

## The Mormons.

The Mormon Elders, Shipp and Worthington, preached at the court house Thursday night. There was no novelty in their doctrines as presented and not much power or persuasion in their utterance. A rumor that they had been flogged at Organsville and treated roughly at other places in this county, is probably untrue. We understand two other Elders have been "done up" in this county recently, but Shipp and Worthington have so far had smooth sailing. They went to Montgomery county Saturday but will return to this vicinity in a few days.

## The Turnpike War.

Last Friday Mr. A. B. Howard quit work on the Palmyra pike and left for J. Harrisonville, Ind. His departure and the stopping of the work on the pike became a matter of street talk Monday. The KENTUCKIAN saw his book keeper, Mr. Dan Desmond, yesterday, who made the statement that they had completed a mile of road, which was accepted by the engineer, but the directors failed to make the usual advancements and therefore they quit work. He further said Mr. Howard would be back in a day or two to settle the matter.

Mr. E. P. Campbell on the part of the Company said that Howard had completed two miles of said pike for which he had been paid according to contract. He had also been advanced \$1300 on the third mile. Last Friday he appealed for more money, and when asked to remedy certain defects in the pike, he refused, and the directors thereupon would not advance the money. The third mile has not been completed nor the part built does not come up to contract.

Thus the matter stands, and it has been intimated that the differences will not be settled except by a suit. The Company is anxious for the work to be completed, but will accept nothing but first-class work.

## The Semi-Monthly Burglary.

About every two weeks some of the stores near the depot are burglarized, and it is seldom the thieves are caught. The gentry seem to understand their business and do a very neat job when they set their minds to it. Thursday night Ferd Schmitt's confectionery was robbed of a lot of cigars, tobacco, &c., and one dollar in change. The coal office of the Hopkinsville Coal and Coke Company, on the opposite side of the street, was entered. There is no question but that a well organized squad of thieves are playing their trade in this town. The Council should select some first class man and appoint him a policeman to do service at the depot.

## Woman And Child Shot.

As John Turnley, col. with his son Nelson Turner and wife, were on their way home from church, near Lafayette, Thursday night, they were fired on by some unknown party and the woman received a shot in the arm the ball going through the leg of an infant she held in her arms. As soon as the assailant saw the woman was shot he cried out: "I didn't aim at you," and ran, firing once or twice more as he left. Turnley thinks the man who did the shooting is a colored fellow who has a spite against him.

The next morning he found where the miscreants had let down his fence and two ropes were swung over a limb with the noose fixed for business. Evidently an attempt was made to wound and hang the Turnleys or to give them a very bad scare.

## Proposition Amended.

Col. Neale has authorized Henry Abernathy to strike from the Cairo and Tenn. River proposition that section requiring this county to furnish the right of way in addition to a \$200,000 subsidy. This is a very wise move, as the matter will now meet with more general favor. Col. Neale says that an additional tax of \$30,000 will be voted by Mayfield in a few days. His engineers will begin the survey of the line at Cairo to-morrow and will come speedily in this direction. Owing to the absence of Mr. Abernathy the railroad meeting was not held Friday night, but the question will be considered some evening this week.

## An Explanation.

BEVERLY, KY., July 13th 1888.—The paragraph in your issue of to-day, stating that "the two Mormon Elders Shipp and Worthington had delivered discourses at Liberty Church, near Beverly, last Sunday," would if unexplained do that church as a body serious injustice. Therefore you will please give space to the following statement of facts concerning the matter:

It is true that the said Elders were present at Liberty on the day mentioned, when but a few were present, not being preaching day, and owing to the timidity or indifference of the members present they were permitted to make some remarks, which would not have happened had the church been apprised of their coming. No, the Church at Liberty would as soon have permitted men to speak there whose groined object was the establishing houses of ill-fame, as to have permitted the Elders mentioned to do so.

## Shot at a Thief.

Saturday night Messrs. Clarence and W. B. Kennedy went into their wheat field to see if everything was all right. They had quit threshing at 9 p.m. and wanted to watch the fire and keep it from doing any damage. They heard a noise in the barn where the wheat was stored, and in a few minutes a negro man came out with a sack over his shoulder. The young men opened fire, one shot going through the sack, but the fellow took to his heels and escaped.

## The Public School Building to be Enlarged.

At the meeting of the School Board, Saturday morning, it was determined to present to the Council a plan to build an addition of two rooms to the public school building. The capacity of the building was taxed to its last extremity last year to accommodate the pupils, and it is now evident that the building must be enlarged or another one erected. Two more teachers will probably be required for the addition.

## Attacked By a Horse.

Friday evening Addie, the little daughter of Col. and Mrs. L. A. Sybert, went to Mr. John Miller. A horse was grazing in the front yard, and when Miss Addie came in the animal rushed upon her, knocking her down and trampling on her face and breast. Mr. E. L. Dobbins came to the rescue, and but for his timely assistance, she no doubt would have been seriously injured. As it is her wounds are only slight.

## Farm For Sale.

I will sell my farm, four and one half miles from this city on the Cadiz road, containing 175 acres, on reasonable terms.

MRS. M. C. EDMUNDS.

HOPKINSVILLE, April 21.  
I take pleasure in saying that I have a garment cutter, and by actual count I have saved me \$25 in six weeks. My daughter learned the system in a short while and can now draft any pattern worn by man, woman or child. The fit is perfect. I see no chance for it to be otherwise with this system. Every family should be interested, for I believe to be one of the best inventions that is out. I certainly wish you success. MRS. NANNIE GRISAM.

PEMBROKE, Ky., Mar. 12, '88.  
Mr. Ed Sterling,  
Sir:—The National Garment Cutter represented by yourself in my estimation is the nearest perfect and more easily learned than any other system before the public. It is certainly the housewife's friend.

My wife learned the system in a few lessons and used it twelve months with entire satisfaction. She asked me a question about it soon after purchasing the outfit, and on examination I saw the simplicity and reliability of the system, and with very little study I learned to cut any pattern I wanted. Often when my wife was busy I drafted patterns for her with ease and correctness.

A few trials gives convincing proof of the correctness of the system and begets confidence in the most timid of their ability to cut and fit. I volunteered my endorsement of the cutter and take pleasure in giving this testimonial. It is seldom I give a testimonial on anything of this character, but as I learned it so rapidly, almost by accident, I am convinced that "any one can easily learn and successfully use the system. You are at liberty to use this if you choose. Truly, J. G. Bow,  
Pastor of the Pembroke Baptist church.
